Tech Loses to N. H. State

Plenty of Opposition

The Tech basket-ball team, playing one of the hardest games on their schedule, last Saturday night at Durham, N. H., failed to connect with the Bull Durham and lost to the New Hampshire quintet, 31 to 24. Tech started the game in proper fashion. Capt. Kushner caged a basket in the first few minutes of play. This was soon increased until the score after about five minutes' play stood 6 to 2. It looked as though we were going to annex another victory, but—

New Hampshire State College, represented by their last year's varsity five, woke up and with a great offensive movement, built up around Craig and Anderson, forward and center respectively, caught up and passed out Tech in the closing minutes of the period. Despite the superhuman efforts of Pickwick and Carlson, it was not possible to stop the bombardment that the Bull forwards sent at our basket. From every angle, the center of the floor, and both sides, the ball was heaved unerringly through the net. And then the second period,—the less said the better. Riley was put in at right forward, replacing Steele, who took Pickwick's place at guard, while the remainder of the team hammered and fought on, but to no avail. Riley gave a wonderful exhibition of playing. Towards the close of the second period our team was about ready to fall from their exertions but instead of wilting away they kept going and for the final few minutes had the representatives of the alfalfa district worried. Kushner put up one of the best games of his career and deserves much credit for his showing.

A return game will be played in this city Saturday, March 1, and a different result is to be hoped for. Coach Swasey intends to spend the coming week in further perfecting the defensive work of the team and the next game will see a much different result. The score:

N. H. S.—31	24—W. T.
Craig, Stewart lf	rg, Carlson
Butler rf	lg, Pickwick, Steele
Anderson c	c, McCaffrey
Davis lg	rg, Kushner
Shuttleworth rg	lf, Steele, Riley

Baskets from floor: Kushner 5, McCaffrey, Riley 2, Craig 5, Butler 4, Anderson 4, Davis. Baskets on free tries: Kushner 6, Davis 3. Free tries missed: Davis 5, Kushner 7.

MEETING OF ATHLETIC COUNCIL

The meeting of the Athletic Council was held Tuesday night, Jan. 21, 1919. The financial report was read by Chairman Arthur J. Knight. The baseball schedule, which was reported as progressing very favorably, is longer than last year's schedule. There is a possibility of four or five home games, which ought to serve as a stimulus for all good Tech fans.

Coach Swasey talked about possibilities of a track team and then after a lengthy discussion it was deemed inadvisable to support the ways of the cinder paths on account of financial reasons. It should be of interest to the student body to know that track was dropped in order that all efforts may be concentrated on baseball. A motion was passed to this effect.

Following members of the 1918 football team were awarded their football insignia and certificates: Capt. Harold F. Mossberg '21, of New Haven, Conn.; Francis I. Kittredge '21, of Clinton; Irving E. Manning '21, of Worcester; George L. White '20, of Housatonic; Edmund F. Ormsbee '21, of Westfield; Malcolm B. Arthur '20, of Worcester; Donald N. Bronson '19, of Worcester; Edward H. Colesworthy '22, of Worcester; Rudolph H. Freeland '19, of Holden; Joseph Kushner '21, of Springfield; C. S. Sprague '22, of Worcester; and Manager Paul J. Harriman '20, of Haverhill.

The past custom of awarding certificates to letter men will be followed in the future.

Robert C. Sessions '19, of Cleveland, Ohio, was elected manager of basketball, and Frederick W. Bauder '20, of Newark, N. J., was elected assistant manager. Harold W. Tenney '20, of Leominster was elected assistant manager of baseball.

The Athletic Council also appointed Coach Swasey to fill out a football schedule for next season pending the election of a football manager. Coach Swasey already has a tentative schedule filled out and is in communication with several colleges who usually turn out strong teams, in regard to arranging a contest. He intends to arrange as stiff a schedule as possible for he expects to turn out a strong team next season if given the backing that he knows we are able to give.

INTER-FRATERNITY BASKET-BALL MEETING

Coach Swasey announces that there will be a meeting of the Inter-Fraternity Basketball League in the Gym office, Jan. 29 at 5:00 p. m. Representatives from each team are asked to be present.

Tech Carnival

You Had Better Come!

Practically all of the arrangements for the Carnival Friday night have been completed, and it is only a matter of attending to details before the scene will be set for what promises to be Tech's biggest and best carnival. The Carnival Committee, consisting of Stanley N. McCaslin '20, Malcolm B. Arthur '20, Paul J. Harriman '20, Roger R. Jenness '21, Harland G. Foster '21, Norman P. Marks '20, Robert M. Peterson '20, Henry J. E. Reid '19, Raymond J. Mathison '19, and John A. Turner '21, has been working hard for the past week in preparation for the event, and the curtain will ring up Friday night on one of the snappiest times ever witnessed on the Hill.

Between each fraternity act there will be stunt races between members of the Sophomore and Freshman classes, including sack and chariot racing, and comedy boxing. There will be two side shows open during the evening and dancing will be held after the entertainment.

Tickets may be obtained from the division distributors, the prices being single, ladies' ticket, 25c; single, man's ticket 75c; and tickets admitting a couple 50c.

AFTERMATH

The Aftermath is getting well under way and will be managed by the following officers who were elected during the week of January 20:

Robert C. Sessions, Cleveland, Editor-in-Chief; Henry J. Reid, Springfield; Assistant Editor-in-Chief; Harry L. Mirick, Princeton, Advertising Manager; John W. Coghlin, Worcester, Assistant Advertising Manager; Thomas B. Rutherford, Brooklyn, Business Manager; Ray W. Heffernan, Spencer, Assistant Business Manager.

There's bound to be some Class Book this year as evidenced by the pep being displayed in the right direction.

Y. M. C. A. MASS MEETING

A very interesting mass meeting was held in the Electrical Engineering Laboratory Thursday afternoon, from four to five, under the auspices of the Y. M. C. A., about one hundred students being present.

The meeting was addressed by Mr. W. J. Sherman of Lynn, Mass. Mr. Sherman, who has served in France for

(Continued on Page 3, Col. 3.)

THE JUNIORS A STERLING BUNCH

"Lightning strikes but once in the same place," said the Junior class and then struck Sterling. They arrived Friday and proceeded to tear up the place. They deranged the town a bit and put up signs where they were needed, so that now it looks something like a real town.

Soon after their arrival they sat down to a table elaborately decorated with fatimas, dolls and menus. There was a continual chatter during the banquet, and things were pretty lively. The snapping of fingers intervened the courses. George White, the toastmaster, then called for speeches. Coach Swasey told the men "Why It Is" and now they know. Mr. Joslin spoke of "The Merits of 1920," and found quite a few, much to their surprise. Brooks spoke on the death of their classmate and former president, Almon K. Lincoln. Mossberg told "Why I Love Her," but still he doesn't know. Lt. Brown related his experiences with actresses. Then impromptus were rendered by Lts. Drake, Canfield, and Woodard.

After the men had had their fill, the real excitement began. Lts. Brown and Card gave an exhibition on flying and were able to fly over the table with remarkable success. Then they proceeded to discuss the oxygen helmet. The boys went over to the town hall and attended a dance for a few moments. They crossed the street and rang the fire alarm for about fifteen minutes. After giving the department outfits a thorough inspection they sent them back to their warm beds. Then the boys got in their private car. The closed car displeased a few of the boys, so they proceeded to make it into an open car. The Consolidated bill to the class, per opening, is \$1.39.

The committee in charge of the banquet was A. Geny Blodgett, Stewart W. Briggs and Paul J. Harriman. Such a banquet only occurs once in a lifetime and so the men certainly needed to enjoy themselves.

Their final opinion was: SOME Half Way Through Banquet!

TRACK

The Tech Athletic Council at its meeting last Tuesday night, voted to give up the track team this year. The members of the Council felt that with the limited supply of funds on hand it would be a wise move to give up track on account of the amount of money needed to properly equip the team.

BOOST TECH

EDITORIAL

The election of athletic managers is of much importance. Generally, when we think of any branch of sport we think of the team itself; the consideration of the management is far in the offing. It is natural, because it is the team that plans the game and it is the team that gets the credit for a win. The manager, however, is responsible for quite a number of things. If he is not in perfect accord with his team, there is difficulty. Everybody knows that unless the whole outfit is pulling together strong, enough dissatisfaction comes up to give the direct result of poorly played games. This means that no choice of manager should ever be made unless it is positively certain that the man to be picked has the executive ability and tact to make him gain the cooperation of the team and still run it as his very best judgment directs. If such a man cannot be picked under the present system, something is wrong with the system.

One of the most disheartening blows to the spirit of a Tech man is the manner in which most class meetings are held. Nothing is more discouraging to a student, enthusiastic in the interests of his school, than to have a

large number of men leave a lecture room, signifying their utter disregard for their leaders or for the future interests of their class. Most of us have seen this occurrence too many times to believe that Tech is blessed with so many juvenile business men, whose affairs cannot be set aside while the business of their class is being adjusted. These men should be given due heed of their misconduct, and repetition of utter lack of interest in class meetings is only too fair a reason for their losing suffrage in class matters.

Our seniors recently adopted the secret ballot method of nominating candidates, and this is bound to give better results. It is a well-known fact that timid hearts and rivalry among our different organizations on the Hill often hinder the presenting of likely and capable candidates for nomination. The secret ballot method, while a little more tedious, does justice to all, and the election of better officers means a better class, and a better class means a better Tech, and that is what we are all striving for.

VARSITY BASKETBALL

Coach Swasey, dissatisfied with the team's showing in the game with the Connecticut Aggies, spent the week in attempting to further perfect the floor work of the five. Tech although emerging an easy victor in the game with Connecticut Aggies, should have run up a much larger total and probably would have if any opposition had been encountered. The five who started the game were easily the best combination that has played for Tech this season and would have succeeded in running away from their opponents if no change had been made to give others experience.

Riley was replaced as he had but little practice before the game. Friday was the first time that he was able to come out and Coach Swasey quickly saw that he was the man to fill the forward position opposite Capt. Kushner. Riley, however, has been out regularly during the past week and has strengthened the team greatly.

The daily practice is gradually being turned into a practicing of new plays by the team under the careful supervision of the coach, who has any number of effective plays worked out and ready for the men. It is a safe assertion that the Tech team at the present time is one of the best basketball teams in the northeast. In addition to the present team that Coach Swasey has developed, there are a number of players, among them Campbell, Ormsbee and Mossberg, who may be available next week. These three players mentioned will give the present team members a run to keep their status intact.

The second home game of the present season takes place on Saturday night and every member of the school should be out and show his appreciation of the team developed by Coach Swasey, a team which is placing Tech upon the basketball map. Every man at the Institute should be proud of the fact that we have such a team. Come out, bring your noise-makers and back up the team.

THE RIFLE CLUB

The National Rifle Association decided last year to award prizes to these members whose average was 180 out of a possible 200 for each match. The Tech Rifle Team competed for these prizes and the following men were awarded medals: Harry J. E. Reid, Albert M. Holton, Howard P. Crane, Robert M. Eldred, Edwin W. Bemis, and Elmer L. Thayer. The team finished eighth in the national intercollegiate matches.

Howard P. Crane won an individual prize offered by the National Rifle Association, for ten shots prone, and ten off hand.

CIVIL ENGINEERING DEPARTMENT NOTES

John W. Gleason '15, second lieutenant in the Tank Corps, stopped a few moments at the Institute last Saturday. Lieut. Gleason was in France about nine months and while in action stopped a few fragments of a high explosive shell, which put him in the hospital, although no bones were broken. He is returning to the employ of the Northern Expanded Metal Co.

L. H. Powers '18, second lieutenant in the Engineer Corps, called at the C. E. Department office last week. Lieut. Powers got his commission at Camp Humphreys, Va., and was assigned to a regiment for overseas construction work, completely outfitted and ready to sail, when the armistice was signed.

INTER-FRATERNITY BASKET- BALL

Last Wednesday afternoon two inter-fraternity basketball games were played. The Non-fraternity team defeated Phi Gamma Delta in a hard-fought game, and Sigma Alpha Epsilon turned out their second win of the season by defeating Theta Chi.

As an opener the Non-fraternity-Phi Gamma Delta game was a winner. Both were represented by fine teams, and up to the second half it was anybody's game. The Non-fraternity team gradually increased their score through the clever playing of Harney at right forward and Shirley at center. Harney was the leader in basket shooting, succeeding in caging four from the floor. "Bob" Sessions and Lockey played an aggressive game for Phi Gamma Delta. The Non-fraternity team as it now stands gives promise of being well up in the race at the end of the season.

Score:

N-F.—14	11—P. G. D.
Athridge rf	lg, P. Sessions
Harney, Shirley lf	rg, Piispanen
Shirley, Harney c	c, B. Sessions
Sullivan rg	If, Maynard
Goldsmith lg	rf, Lockey

Baskets from the floor: Lockey 2, Harney 4, Maynard, Athridge, Shirley. Free tries: Lockey 5, Shirley 2.

The Sigma Alpha Epsilon-Theta Chi game was a fight from start to finish. The S. A. E. team played smoothly and displayed good team work. "Red" Riley, who has just come back to W. P. I., was out with his help and was a great factor in the game, making fifteen of his team's points. Wilson was the high man in caging goals from the floor, capturing seven.

Theta Chi put up a good scrappy game that was featured by the brilliant playing of Brown, who succeeded in landing twelve of his team's twenty-one points. Saunders also played a good game.

Score:

S. A. E.—31	21—T. C.
Riley rf	lg, Davis
Wilson lf	rg, Wolcott
Pearson c	c, Carpenter
Bishop rg	If, Saunders
Stevens lg	rg, Brown

Goals from floor: Wilson 7, Brown 6, Riley 5, Saunders 2, Davis, Stevens. Free tries: Riley 5, Saunders 3.

Next Wednesday two more games will be played, the teams being: Lambda Chi Alpha vs. Phi Gamma Delta, and Non-fraternity vs. Alpha Tau Omega. These look like good games and it would be well worth going over to the gym on Wednesday at 5:15 to see them.

ELECTRICAL ENGINEERING DEPARTMENT

Prof. Carl D. Knight gave an illustrated lecture on "Store Lighting" to the Worcester Electrical Contractors' Association, in the electrical engineering lecture hall last Wednesday.

Prof. Albert S. Richey has been in Nova Scotia for a week, in charge of the Brunswick Power Co's commission.

Howard N. Pascoe, '12, announces the birth of a son, Ralph Newton Pascoe, Jan. 18th.

Y. M. C. A. Mass Meeting

(Continued from Page 1, Col. 3.)

a year as a Y. M. C. A. secretary, was in England to meet the first arriving American troops in 1917. He later toured the United States and Hawaii, speaking on subjects connected with the Y. M. C. A.

The general subject of Mr. Sherman's talk was "Reconstruction," and he touched broadly upon the excellent opportunity now existing for the formation of a world democracy; the problems facing the Peace Conference; the duty of the world toward small or backward nations; the possibilities of an international police and its dangers; and finally the question "What is necessary to make men loyal to a league of nations as each is loyal to his own country?" with the answer as Mr. Sherman gives it: "The incentive of a strong personal leader."

THE COSMOPOLITAN CLUB

With the general restoration of all Tech activities the Cosmopolitan Club is once more becoming active. The first meeting of the school year was held Friday evening, Jan. 24, in the Y. M. C. A. reception rooms. After a short business meeting presided over by H. A. McConville '19, of Florence, Professor Coombs spoke in a very interesting manner on "Changing Values in Education." This was followed by refreshments and a lively roundtable discussion. Several students from Clark University were present as guests of the club.

This organization, country-wide in its affiliations, aims to bring together men of every nationality and promote a spirit of fellowship and brotherhood, and as such deserves a hearty support at Tech.

NOTES

Mr. Paul Porter, W. P. I. '12, of the Reed & Prince Mfg. Co., met the Seniors in time and cost study on Tuesday and gave a half hour talk on some of his experiences since graduation. Mr. Porter has been employed in efficiency and production work along with design work with the above company.

Edgar Jones '17, commissioned an ensign in the navy, has resumed his studies at school.

Austin Welch '19, has returned to the Senior class.

SCPTICAL CHYMISTS

The meeting of the Sceptical Chymists, which was to have been held Monday evening, January 20, was postponed to Monday evening, January 27.

SUBSCRIBERS ONLY GET THE NEWS

Beginning with the issue of last week the NEWS was given only to those who had pledged for the Blanket Tax. The NEWS is placed in the Civil Engineering Room in Boynton Hill just before eight o'clock on Tuesday mornings. In this way all who have subscribed should receive their paper at least by noon on Tuesday.

Two divisions, I-B and II-G, have subscribed one hundred per cent. The lowest division percentage is from the Senior class, and is only thirty-three and one-third per cent. The next lowest division is a Freshman division, with the percentage of forty-three. This does not speak very well for either division and it is up to them to do better at once.

If you do not get your NEWS on time ask your division distributor and see that he gets it to you. If any fellows are not on the list which the distributors have, let the Subscription Manager know that you are pledged for the "Blanket Tax" and he will see that you get your paper.
